

SHEET METAL MACHINERY

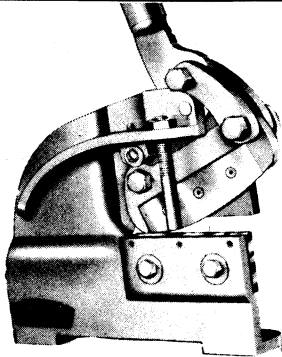

BEVERLY

Throatless Shear

Beverly Throatless Shears are ideal all-purpose metal cutting tools because they permit any desired cut in heavy gauges, yet handle lighter metals without distortion. Unique shoulder design allows work to be turned in any position during the cut. Gearing rack and pinion makes heavy metal cutting easy. Upper and lower blades are positioned to provide a clean, knurl-free cut, regardless of material. All models equipped with high carbon, high chrome blades.

	B-1	B-2	B-3
Capacities	14 gauge mild; 18 gauge stainless	10 gauge mild; 14 gauge stainless	3/4" mild steel; 10 gauge stainless

BEVERLY SS Series SLITTING SHEARS

Beverly SS Series Slitting Shears, made in 2 to handle 10 ga. and 3/16" mild steel, incorporate the most advanced design features to provide maximum cutting capacity with minimum size and weight. Compounded linkage provides easy cutting action in heaviest metals. Rigid, strongly braced frame holds upper and lower blades in perfect alignment to assure clean cutting action. Equipped with high carbon, high chrome blades.

Specifications	SS-2	SS-3
Slitting Capacity (mild steel)	10 ga.	3/16"
Trimming Capacity (mild steel)	3/16"	1/4"

ERCO SHRINKER/STRETCHER

6" Throat Reach, Includes Shrinking Jaw Stretcher Jaw Conversion Available.

Weight: 400 lbs.

Rebuilt or New:

HANDEFORMER MODEL HF80CH

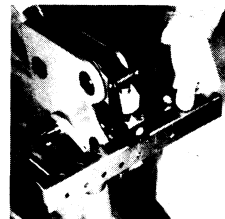

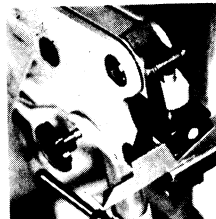

Portable, manually operated machine. (Includes one set of standard shrinking and stretching jaws)

HF80 CH - SHRINKER/STRETCHER.....

HFL70 SP NO-MAR JAWS

OTHER TOOLING ADDITIONAL

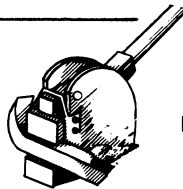

(Punching, Notching, Press Joining)

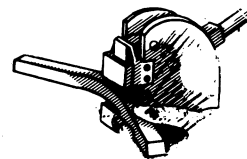

TECHNICAL DATA: 69 LBS.

Stainless .059"
Light Metal .079"

SHEET METAL SHRINKER AND STRETCHER

No. 371

No. 372

Conversion Assembly #908-SH Shriner.....

#908-ST Stretcher.....

The aircraft repair and modification man, the sheet metal shop, the sign man and the specialist...just cannot afford to be without these efficient tools - small yet powerful. They work and form average metals - including 16 gauge. They shrink and stretch angles down to a 2" to 3" radius. They handle angles as wide as 1" and 6" to 8" deep. A 45 to 1 leverage provides fast, powerful action.

#3712 Metal Shriner Plus Stretcher Conversions Assembly
